AERIAL ARTS PROGRAM

8-17YEARS OLD

7 DAYS Stay:

The objective of this program is to introduce a new art form for kids to express their creativity, test their coordination, balance and strength.

This program will introduce the various apparatus found in the magical circus world which includes:

- Silks
- Hoop
- Juggling
- Trapeze
- Hammock

All Kids who signed up for this program will be entitled to daily 1 hour class of Aerial Arts.

Did you know that aerial arts involves a significant amount of mental strength?

14 DAYS Stay:

The perks of sharing a longer time with us is that it gives us time to further develop your child's skills and use it to their advantage,

In this 2 weeks program, we will be able to focus on 1 apparatus for your child to specialize in.

Specialization is when more advance move will be introduce appropriately base on the kids ability.

Grooming will be in order to be ready for a mini spectacle to showcase their routine that they have been working on so diligently.

A certificate will be awarded for each student who has successfully participated and completed the program

STREET SAFE PROGRAM

4-17YEARS OLD

4-7 Years Old:	8-11 Years Old:	12-17 Years Old:
Kick Boxing & Movement Flow	Kick Boxing & Brazilian Jiu Jitsu	Brazilian Jiu Jitsu & Mixed Martial Arts

The objective of this program is to instill confidence amongst our young ones. This is the age where kids behavior and personalities are formed and there is no better way to gain in through a social discipline.

Martial arts teaches one to remain calm, and maneuver around obstacles that comes in your life. There is no secret that there is a huge application of martial art principles especially Brazilian Jiu Jitsu to real life scenarios.
Our Bully Proof program tackle issues such as self-defence, take downs and submissions.

The program:
1 hour per day, daily.
Movement Flow: Our youngest kids will be able to sharpen their coordination and strength by mimicking fun animal movements such as a gorilla & lizard walk, frog jump, shrimping, rolls and more.
Kick Boxing: Various elements will be learnt such as various hand and legs striking, combination flows, dodge and guards.
Brazilian Jiu Jitsu: The signature martial art of the Hard Rock Hotel teaches you minimum of 3 different take downs, controls and submissions. This is the friendliest martial art due to its low impact nature.
Mixed Martial Arts: Once all the classes above are crossed out of their checklist, they will learn to apply all of them together. This is the best kind of martial art as we take the best skills of each different discipline.

At the end of the week, we would like to see a self defense demonstration by our little ones to showcase their various skills learnt throughout the week!

FAQ

Can I choose only 1 Activity or Program?

Absolutely, the little roxtar may drop in to partake from 1 or up to 3 different domain.

Can they choose both Aerial Arts & Street Safety

It is not recommended as some of the classes are run simultaneously. We also recommended the child to pick his favourite out of the two to ensure learning process take place as much as possible.

What can I expect my child to experience?

The biggest take away from our kid's experience here is the memories with our band members. The program allows the roxtar to be themselves and express their creativity and most importantly learn to be themselves in a social setting.

Can I leave my Child at Roxity for a whole day?

Certainly, our program is designed to be engaging throughout the day so parents are able to fully enjoy the island time

Are these activities at an additional cost?

Most of the activities are free of charge. Activities such as art workshop, birthday parties and certain excursion are chargeable.
