## Seven-Night Liveboard Package 2022 Itinerary

### Day one:

Begin your adventure with a buffet breakfast at Soneva Fushi, before boarding Soneva in Aqua and cruising for just over an hour to Turtle Reef. After snorkelling with these gentle creatures, enjoy lunch before sailing for two hours (13 nautical miles) to the northern tip of the Baa Atoll to anchor off a remote sandbank. As the sun sets enjoy canapés and sparkling wine before a four-course dinner served onboard, beneath the stars.

### Day two:

Wake up to freshly baked croissants, muffins and coffee so good it could have been brewed by a barista. Choose from the selection of aquatic activities: stand-up paddle boarding to the sandbank, sustainable fishing, surfing the outer breaks or snorkelling the reef. You can then dine onboard or have a picnic lunch on the sandbank before kayaking, skurfing or fun-tubing the afternoon away. Unwind after a day in the Indian Ocean with a foot massage and cocktails, then end the night with dinner onboard.

### Day three:

Breakfast is served onboard before exploring the underwater marine life with the SEABOB, or heading to the sandbank for snorkelling and sunbathing. Soneva in Aqua will lift anchor and cruise for three hours (20 nautical miles) to Viligili Island. Lunch is served under sail, followed by a complimentary hour-long massage as we pass deserted islands and a mosaic of blue tones. We stop in a protected anchorage, followed by stand-up paddle boarding or kayaking to a deserted island. If the surf is good, you can catch some waves with the surf instructor as the sun sets. Dinner will be served onboard.

### Day four:

The Galley serves up breakfast onboard before the crew gets hearts pumping with boom swings into the sea below, or our surf instructor can take you to a well-known surfing spot nearby. We lift anchor to cruise to the tranquil waters of the Goidhoo Lagoon, just over three hours away (22 nautical miles). Lunch is served during the journey, with a choice between the Jacuzzi or a spa treatment afterwards. We anchor near the deserted Innafushi Island, which is surrounded by small sandbanks. Snorkel to a sandbank to soak up the sun before dinner onboard as the sun sets. End the night gazing up at the stars from the flybridge – we can set up blankets if you wish to sleep beneath the open sky!

### Day five:

Stretch tired muscles and clear the mind with yoga on the deck before breakfast. We will then explore the island of Goidhoo with a hike to the freshwater lake to see the unique biodiversity of the area. Meet the locals and even play a friendly football match! Have lunch onboard Soneva in Aqua before a spa treatment and then snorkel the Rose Garden to see the unique coral formations there. Afterwards, fish with a local fisherman who knows all the best spots, or hunt for the lost treasure of the Corbin, a ship that met its demise off the coast of Innafushi more than 400 years ago while carrying a cargo of silver. Dinner will be served on-deck. If you caught a fish during the day, the Head Chef would be more than happy to prepare your catch.

### Day six:

After breakfast onboard, snorkel with the manta rays that frequent the cleaning stations within the Goidhoo lagoon, and might even spot a whale shark. After lunch, unwind with a massage before windsurfing across the lagoon or surfing the reef pass on perfect waves. Embrace the castaway life with dinner on a deserted sandbank with nothing but the stars overhead. Return to Soneva in Aqua to view the nocturnal marine life through the bottom of the glass-bottomed spa tub while enjoying a relaxing soak.

### Day seven:

Begin the day with sunrise yoga followed by breakfast onboard, before taking to the seas on the Dolphin Glider. With this experience, you will glide along among a pod of dolphins, to truly feel at one with the ocean. Afterwards Soneva in Aqua lifts anchor to cruise north to Angafaru Lagoon. Lunch is served during the four-hour journey (30 nautical miles) while under sail, and you can use the trawling rods to catch tuna. Once we drop anchor in the lagoon, it is time for stand-up paddle boarding or kayaking to a sandbank for some relaxation in the sun. As the sun sets it is the perfect opportunity to go on a guided snorkelling trip to see reef come to life by the light of the moon. You might be lucky enough to see the bioluminescent plankton that adds a special kind of magic to the sea. Dinner is served onboard.

### Day eight:

Wake up to the last breakfast onboard Soneva in Aqua before cruising back to Soneva Fushi, approximately one hour away (6 nautical miles). We bid you farewell around 12:00 noon, before you return to their villa and are offered lunch on the island.
