Transfers / Helicopter services / Private jet / Boats & yachts / Luxury cars

EXPERT LOCAL KNOWLEDGE

Invest well

Real Estate Investments

Marbella Mountain Resort is a fully integrated Hospitality and Real Estate company acting as advisors for clients who are looking for a smart investment. Dewd

We find the best assets and put our efforts and marketing know-how to work to achieve return on investment for homeowner, buyer and investor alike.

Buying a vacation home resort?

Our properties are **located in areas that people like to visit**. Based in our expertise and market research, we think **now is the time to purchase** if you're considering a second or vacation home.

Marbella Mountain Resort is a fully integrated Hospitality & Real Estate company acting as a unique window for our clients who are looking for a **smart investment**.

Selling your vacation home?

Marbella Mountain Resorts puts your property on the spotlight, sharing the information **with our private investors** and actual owners club in a personalized & private way.

We endeavor to transform what can sometimes be a stressful process into a **smooth selling process**.

Consider Fractional Ownership?

Fractional real estate ownership allows a purchaser to more closely match his projected usage of the property with its cost or, conversely, allowing the purchase of a more expensive property for the same investment.

If you plan to use the property more extensively or just don't want to deal with an outside agency, you can **create a private partnership** to purchase and own a piece of property.
