

Palacio Santa Cristina
Luxury Country House & Private Estate

Welcome to Palacio Santa Cristina

Managed by Fernando Díaz de Bustamante and his family for 35 years, the lodge has hosted most important families from all over the world, including many European Royal families. One of the keys to success has been receiving guests within a warm and familiar style but taking care of every single detail. The estate is located at the heart of Extremadura, 2.30hr from Madrid, within an enormous "dehesa" of centenary oak trees, offering a luxury service to guests.

An ideal place to disconnect from daily routine and to submerge at a peaceful oasis of rich nature and near cultural and historical towns. Its location of privilege, together with its characteristics, make it an unique country house in Spain, perfect to host groups from 8 to 24 guests, or for parties up to 1.500 people.

The Country House

Palacio Santa Cristina dates from late XIX century and has been totally refurbished in 2019, offering today 11 modern double rooms, with en suite bathroom and all the amenities. A large living room divided in different areas, stays as a common space by the main fireplace of the house, becoming a cozy house away from home.

The Country House

The dinning room has capacity for 30 person and it's decorated at a classic style. There is also a TV room and an old chapel, with its original stained-glass windows, the pulpit and the choir, accessible from the house.

Meals are prepared and directed by a "cordon bleu" chef and both the cellar and the staff are personally supervised by the owners at every moment.

The Country House

Excellence at details and lushness at different corners of Palacio Santa Cristina make the stay an unforgettable warm experience for guests who visit us, with a luxury hotel service but still feeling at home.

11 Luxury Double Bedrooms with bathroom en suite

The Country House

House Gardens

The palace is surrounded by rich gardens and beautiful connected corners. Olive trees, oaks, roses and aromatic plants open a window to stunning views to the splendid typical "dehesa extremeña". Our gardens are ideal for outdoor celebrations and offer the possibility of setting tents at main areas. There is also a carefully designed lighting at night and direct access to the main house.

The Estate

The estate of over 17.000 hectares is located at the heart of Extremadura, near Monfragüe National Park and Special Protection Area for birds Llanos de Cáceres. Only 15km away from Trujillo and 30km from Cáceres, it becomes a unique spot to visit Mediterranean forest and allows visitor to know in detail its flora and fauna.

The Estate

A few rivers run through the farm and many streams flood with water pastures and valleys, forming an spectacular landscape at any season of the year that invites to hike along the property and discover Nature and wildlife, with incredible locations for mazing picnics and lunches “safari style”.

The Estate

Among centenary holm oaks and cork trees, the “dehesa” is home for diverse wild species and protected birds, from red deer, wild boar, roe deer, red partridge or rabbit to eagle, vulture, falcon or the scarce bustard that finds at this latitude one of its last refuges.

Experiences at the Estate: horses, quad, bicycle, 4x4 etc.
